## Sixth Annual Dennis Farm Symposium

**October 11, 2018**

The symposium and luncheon will feature presentations from speakers on the historical significance of the over 200-year-old Dennis Farm in Susquehanna County; the farm's rich history; and its value as a national, state and regional heritage asset during an educational program on the campus of Keystone College. DFCLT President Denise Dennis will deliver a luncheon address. We will be celebrating numerous anniversaries of the Perkins-Dennis family.

Following the symposium, transportation will be provided to the Farm, located in Susquehanna County, for an enlightening and engaging visit and tour.
